PROFILE

I'm a WordPress developer with two years of experience in building and developing websites using WordPress. I have strong skills in HTML, CSS, JavaScript, PHP, and Bootstrap, which I integrate into WordPress to bring ideas and designs to life. I also specialize in UI/UX design and image creation using Canva, ensuring a smooth and engaging user experience. Additionally, I have experience in managing WordPress projects, providing technical support, and troubleshooting issues to keep websites running efficiently.

WORK EXPERIENCE

WordPress Developer – Freelance
2022 – PRESENT
